To Manitou Springs School District Students, Parents and Staff

The Public Services Department along with the contractor ICS-Colorado will be installing a new curb, gutter and sidewalk along the East side of El Monte Place from the High School to Santa Fe Place. Work will be conducted between the hours of 8:15am to 2:30pm so that we will have the least impact on traffic around the school. This construction project will be conducted mostly during the weekdays but some weekends may be needed as well, we will start the construction on Tuesday October 9<sup>th</sup> and it will last for about 3 weeks.

During the road closure times all traffic except busses entering or exiting the High School will be routed to the west side El Monte Place via detours that will be in place. Please note that the east side of El Monte Place will become a limited access route for busses and large vehicles only during the hours of 8:15am to 2:30pm during construction.

Attached is a map showing the detour routes that will be in place during construction.

Thank you.

Brad Walters  
Deputy Public Services Director
